

TMLS

The adjacent butler pantry and separate walk-in silver party lead to the library/study space that could also serve as a breakfast room.

TMLS

The library/study with built-in bookshelves adjoins the solarium through French doors.

TMLS

Rice added the two story solarium overlooking the back deck. It includes a loft that is accessed through a laundry/utility room at the back end of the upstairs hall.

TMLS

The big surprise is the indoor, outdoor space in back. A two level, partially covered deck is a great party space..

TMLS

The 0.32 lot includes fenced back and side gardens with winding paths, exotic plantings, two storage sheds and hidden compost area., all with a touch of oriental flavoring.

TMLS

More versatility. The downstairs master bedroom could be part of an in-law suite or in-home office suite. It includes doors opening to the front living room and to the wrap-around porch.

TMLS

The handsome downstairs bath includes a walk-in tub and tile floor. A similar tile bath up stairs has a claw foot bathtub.

TMLS

The upstairs master suite encompasses 2 of the four original upstairs bedrooms.

TMLS

The upstairs master suite includes a dressing room, space for a wardrobe or chest of drawers, a walk-in shower and separate tub.
