STATE OF NORTH CAROLINA RESIDENTIAL PROPERTY DISCLOSURE STATEMENT INSTRUCTIONS TO PROPERTY OWNERS

- 1. G.S. 47E requires owners of residential real estate (single-family homes and buildings with up to four dwelling units) to furnish purchasers a property disclosure statement. This form is the only one approved for this purpose. A disclosure statement must be furnished in connection with the sale, exchange, option and sale under a lease with option to purchase (unless the tenant is already occupying or intends to occupy the dwelling). A disclosure statement is not required for some transactions, including the first sale of a dwelling which has never been inhabited and transactions of residential property made pursuant to a lease with option to purchase where the lessee occupies or intends to occupy the dwelling. For a complete list of exemptions, see G.S. 47E-2.
- You must check one of the boxes for each of the 20 questions on the second page of this form. 2.
 - If you check "Yes" for any question, you must describe the problem or attach a report from an engineer, contractor, pest control operator or other expert or public agency describing it. If you attach a report, you will not be liable for any inaccurate or incomplete information contained in it so long as you were not grossly negligent in obtaining or transmitting the information.
 - If you check "No", you are stating that you have no actual knowledge of any problem. If you check "No" and you know there is a b. problem, you may be liable for making an intentional misstatement.
 - If you check "No Representation", you have no duty to disclose the conditions or characteristics of the property, even if you should have Ĉ. known of them.
 - If you check "Yes" or "No" and something happens to the property to make your Statement incorrect or inaccurate (for example, the roof begins to leak), you must promptly give the purchaser a corrected Statement or correct the problem.
- If you are assisted in the sale of your property by a licensed real estate broker or salesperson, you are still responsible for completing and delivering the Statement to the purchasers; and the broker or salesperson must disclose any material facts about your property which they know or reasonably should know, regardless of your responses on the Statement.
- You must give the completed Statement to the purchaser no later than the time the purchaser makes an offer to purchase your property. If you do not, the purchaser can, under certain conditions, cancel any resulting contract (See "Note to Purchasers" below). You should give the purchaser a copy of the Statement containing your signature and keep a copy signed by the purchaser for your records.

Note to Purchasers: If the owner does not give you a Residential Property Disclosure Statement by the time you make your offer to purchase the property, you may under certain conditions cancel any resulting contract and be entitled to a refund of any deposit monies you may have paid. To cancel the contract, you must personally deliver or mail written notice of your decision to cancel to the owner or the owner's agent within three calendar days following your receipt of the Statement, or three calendar days following the date of the contract, whichever occurs first. However, in no event does the Disclosure Act permit you to cancel a contract after settlement of the transaction or (in the case of a sale or exchange) after you have occupied the property, whichever occurs first.

5.	In the space below, type or print in ink the address of the proj	perty (sufficient to identify it) and your name. The	hen sign and date.
