* The 2nd Family Room could become a 2nd Master Suite by adding a closet and bath within the existing footprint

The Crabtree Creek greenway, a park and the new North Hills "Midtown" shops, offices, restaurants are all within quick walking or biking distance. The location also offers easy inside the beltline access through Country Club Hills via Yadkin Drive. A circular driveway leads to several parking pads, one with RV hookups.

The versatile floor plan includes an optional 3rd dining area at the end of the family room, now the location of the pool table. A second family room (left below) and adjacent recreation/play/office space, together over 30 ft long, could become a second master suite with the addition of a bath and closet within the existing footprint.
