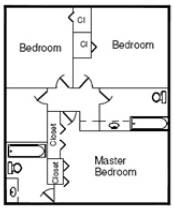
Walk to historic downtown Apex from this this older family neighborhood that is just blocks away from Baucom Elementary School and the many new stores along Highway 55. See map on reverse.



Six windows overlook a park-like back yard from the 28' long living-dining room. A brick masonry fireplace anchors one end of this world class space.

A wall of windows lets light into the modern kitchen with a tile floor, gas range and SUBZERO refrigerator. A side door opens to the garage.

The bright office/studio (left) on the lower level with an exterior door could be a fourth bedroom with an adjacent full bath. All three upstairs bedrooms have hardwood floors and lots of light. Built-in shelves are found everywhere.
